Talking Points:

Live What You Believe: No matter what you say you believe, your daily actions and attitudes speak louder, and really show what is most important to you.

Follow God's Roadmap: It's always easier to arrive at an intended destination if you follow the roadmap. A map provides direction and warns of dangers.

Help Others Experience Faith: Faith is something to be shared, and sharing our faith encourages others who may be struggling to find a better path to walk through life.

Don't Be Afraid: Fear comes from focusing on the problem, not the solution. If God promises not to put more on us than we can handle, and also provide a way to get through life's problems, then we should keep our focus on Him, and not the problem.
